

CUSTOMER SERVICE

Customer information Nr. 007-2022

DOCUMENT DATE

6th June 2022

EXPECTED CHANGE DATE IN PRODUCTION

SECOND QUARTER 2022

AFFECTED SKU OR RANGE

ALL FONTEMAGNA 150 230V and 115V
ALL FONTEMAGNA COMPACT 150 230V and 115V
ALL BLU2GO 230V and 115V

DETAILS: Technical improvements of pre-assembled INLET WATER GROUP

REQUESTED BY: Blupura (PMT 004/2022)

REASON: Optimization of components for the assembling line and reduction of costs for service by maintenance of the system in the field.

CHANGES PROPOSAL: Use of a modular INLET WATER GROUP with water pressure reducer preset at 3 bar and solenoid valve which complies with a wider range of international certifications for food-grade use.

Complete INLET WATER GROUP for the Fontemagna 150 Floorstanding model and Blu2Go;

INLET WATER GROUP w/out water pressure reducer for Fontemagna Compact 150.

Completely removed on BOX 150/280 models.

The new INLET WATER GROUP is interchangeable with the old one.

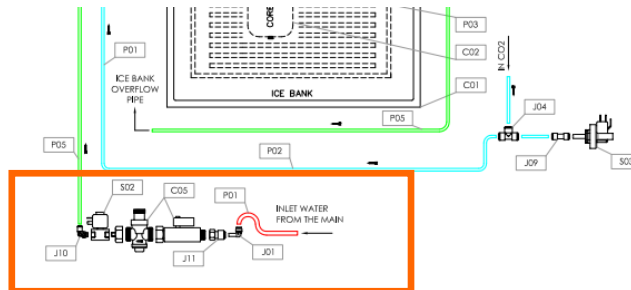

NEW INLET WATER GROUP FOR FONTEMAGNA 150

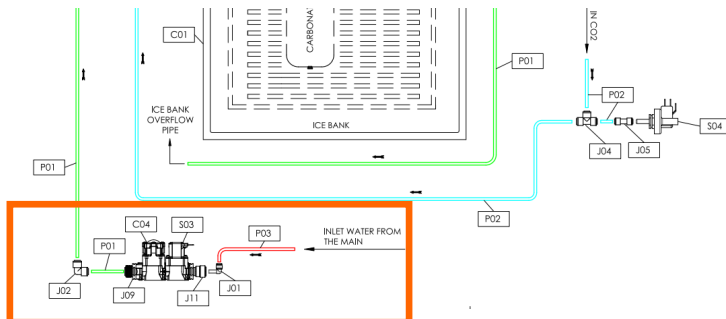

NEW INLET WATER GROUP FOR FONTEMAGNA COMPACT 150

OLD HYDRAULIC DIAGRAM

NEW HYDRAULIC DIAGRAM

DRAWINGS AND SPARE PARTS

No changes on the exploded views. Spare parts list needs to be updated as following:

Old code 800032 → New code PREASSEMBLED KIT **750321** for Fontemagna 150 Floorstanding Models

Old code 800042 → New code PREASSEMBLED KIT **750322** for Fontemagna Compact 150 Models
